

ABHILASHA JITENDRA AKARE

UX / PRODUCT DESIGNER — AI-Assisted Design Workflows

Nagpur, Maharashtra | +91 7030336279 | akareabhilasha@gmail.com

LinkedIn | Portfolio | Behance

PROFESSIONAL SUMMARY

UX/Product Design student (BCA, pursuing) with hands-on experience across the end-to-end UX process — user research, persona development, wireframing, interactive prototyping, and usability testing. Skilled in Figma, FigJam, and AI-assisted design tools (Claude, ChatGPT, Stitch, Figma AI) to accelerate ideation and rapid iteration. Built two full-scale projects (EdTech SaaS platform and Woston India, Website) applying design thinking, information architecture, and user-centered design principles. Seeking an entry-level UX/Product Design role to apply research-driven design and cross-functional collaboration skills to real-world products.

CORE SKILLS

UX Process: User Research, User Interviews, Persona Development, User Journey Mapping, Information Architecture, Wireframing, Interactive Prototyping, Usability Testing, Heuristic Evaluation, Design Thinking, Human-Centered Design (HCD)
